About the Book

This book with the title 'Python Programming' is designed to be your companion on the journey of mastering Python, a versatile and widely-used programming language. Whether you're a beginner venturing into the realm of programming or an experienced developer expanding your skill set, this book is crafted to be your companion. From foundational concepts like basic syntax and data types to advanced topics such as machine learning and web development, each chapter is designed to build upon the previous one. Explore the elegance of Python's readability, dive into object-oriented programming, and discover the application of Python in real-world scenarios. Let this book be your guide to mastering Python, unlocking its potential for creativity, problem-solving, and innovation in the ever-evolving landscape of technology.

Cover Page

B. Rupa Devi, Associate Professor in Dept of CSE and, at present, heading the Department of Master of Computer Applications in AITS, Tirupati. She is pursuing her PhD in the Dept of CSE, SVUCE, SVU, Tirupati, under the guidance of Dr Ch D V Subba Rao. Her specialization fields are Data Mining, Machine Learning, and Data Analytics. She has published in 15 International Journals. She was ratified as an Associate Professor by JNTUA, Anantapuramu in 2010. She has 20 years of teaching experience.

Dr. P Anjaiah is an academician specializing in Artificial Intelligence, Deep Learning and Data Analytics. He has proven his experience in guiding students at Undergraduate and Postgraduate levels in their academics and Research Papers. He has 30 publications in journals and conferences at the National and International level. His research was published in Elsevier, SCI, Springer, SCOPUS and Web Of Science etc., He is working an Assistant Professor in Computer Science And Engineering Department at the Institute of Aeronautical Engineering. He awarded Doctorate from JJT University, Rajasthan, in Machine Learning. He has 17years of teaching experience. Guided 10 PG Projects and 30 UG Projects. His interest areas of research are Artificial Intelligence, Machine Learning, Cloud Computing, Data Analytics. He has contributed his learning and work experience in shaping and igniting the students and society in all possible Aventis.

G. SUSEELA received the B.E., M.Tech., and Ph.D. degrees in computer science and engineering. She is currently working as Associate Professor at School of Computing, SRM Institute of Science and Technology, Chennai, Tamil Nadu, India. She has 16 years of academic experience and four years of research experience.Her research interests include wireless image sensor networks, image-processing using deep learning, and network security. To her credit she has around 25 plus publications in various international journals.

R. Venkatramana is a highly accomplished professional with a strong academic background, holding both B. Tech and M. Tech degrees in Computer Science and Engineering from JNTUH and JNTUA respectively. Currently, he is working as an Assistant professor in the department of Computer Science and Engineering at Sri Venkateswara College of Engineering college, Tirupati. With over 11 years of experience in the field, he has established himself as a seasoned expert in machine learning and artificial intelligence. Venkatramana's contributions extend beyond academia, as he plays key roles in his college as the UG Project Coordinator and Placement Coordinator. His expertise is widely recognized, with numerous published papers in Scopus journals in the field of computer science and engineering.
