500

About the Book

This Book with the title 'Artificial Intelligence' covers the Artificial Intelligence. The nine chapters' of this book was written in an easily digestible and reproducible format with required information. An effort has been made to present the book in this form and if it proves helpful to the students, we shall consider my effort has been amply rewarded.

Cover Page

Dr. Preety is presentlyworking as an Assistant Professor,at the School of Sciences, Christ University Delhi NCR. She has received Doctorate in Computer Science from the Faculty of Computer Science Engineering at Dr. K.N. Modi University, Rajasthan. She has done a Master of Computer and Applications (M.C.A)in Computer Science and Applications from MaharishiDayanand University, Rohtak (Haryana), and a Bachelor's Degree from MaharishiDayanand University (Haryana). She has been granted oneIndian patent. Her area of interest includes Artificial Intelligence, Machine Learning, and Remote sensing. She has more than 18 papers of publications in International / National Journals and Conferences. She is having more than 12 years of experience in the teaching field

Dr. Meenakshi Yadav is working as an associate professor in Galgotias college of engineering and technology affiliated to AKTU, Uttar Pradesh. She has been awarded a PhD in CSE from Banasthali Vidyapith Rajasthan in 2018. She has done BE(Hons.)from Rajasthan University in 2006 and M.Tech from Banasthali Vidyapith in 2008. She has more than 14 papers in national and international journals and conferences. She has Granted 2 patents. She is having 12 years of teaching experience and her current area of interests are wireless sensor networks, agriculture automation and machine learning.

Ms. Shweta Chaudhary is working as an Assistant Professor in JIMS Engineering Management Technical Campus (JEMTEC) affiliated to GGSIPU, Delhi. She has been awarded M.Tech (Software Engineering) from Delhi Technological University, Delhi in 2016. She has done B. Tech in Computer Science & Engineering from Guru Gobind Singh Indraprastha University, Delhi in 2014. She has more than 6 papers in national and international journals and conferences. She has 3 patents. She is having 7 years of teaching experience. Her research interests include Web Mining, Big Data, Algorithm Designs and Machine Learning.

Ms. Esha Saxena is working as an Assistant Professor at Guru Tegh Bahadur Institute of Technology affiliated with GGSIPU, Delhi. She is pursuing PhD in Computer Science and Engineering from Jamia Hamdard University, New Delhi. She completed her M.Tech from Jamia Hamdard University, Delhi in 2012 and her BE(Hons) from the University of Rajasthan, Jaipur in 2008. She has more than 12 National and International research papers in conferences and Journals. She has been granted one patent and published a book on DBMS. She has 12 years of teaching experience and her area of interest is Artificial Intelligence and Deep Learning in the Medical
