About the Book

This Book with the title 'Deep Learning' covers Deep Learning. The five chapters' of this book was written in an easily digestible and reproducible format with required information. An effort has been made to present the book in this form and if it proves helpful to the students, we shall consider my effort has been amply rewarded.

Cover Page

Dr. Shaik Jaffar Hussain, who has a B.Tech. (CSIT), M.Tech. (CSE), and PhD, is an academican and software engineer.His excellency Doctorates in CSE, Implementation of quantum cryptography algorithms for banking security, and Enhancing cloud network security using multicore architecture and programming.He worked for reputed educational institutions and MNC companies. He worked as a tech lead at Cognizant Technologies. He worked with different technologies like Microsoft SCCM, Intune, Snowflake, and Manage Engine Desktop Central. He is the mentor at Freedom Employability Academy. He was a GenC jury member at Cognizant Technologies. He is TESOL/TPII certified. He has written and published more than 20 articles in many reputed national and international journals and book chapters.
