500

About the Book

This Book with the title 'Fundamentals of java programming' covers the fundamentals of java programming. The fifteen chapters' of this book was written in an easily digestible and reproducible format with required information. An effort has been made to present the book in this form and if it proves helpful to the students, we shall consider my effort has been amply rewarded.

ABOUT THE AUTHORS

Dr. N. PRAKASH is currently working as Professor in the Department of Information Technology, B.S. Abdur Rahman Crescent Institute of Science and Technology, Chennai, Tamil Nadu, India. Dr. Prakash received his B.E. degree in Computer Science and Engineering from Bharathidasan University, Trichy and M.E. degree in Software Engineering from College of Engineering Guindy, Anna University, Chennai. He also completed his Ph.D. in the School of Information and Communication Engineering at Anna University, Chennai. He has published more than 20+ articles in Refereed Journals, Book Chapters, and Conferences. His research interest includes Data Science & Machine Learning and Software Engineering.

Dr. J. Seetha working as Associate Professor in CSBS Department. She is having 20+ years of rich experience in teaching. She has completed her Ph.D in the year 2020. She is having more than 13 publications in good and reputed International Journals. She is an inventor of 4 patents, Author of two books and submitted 2 funded projects. Her areas of interest include image processing, data mining, neural network, Fuzzy logic, cloud computing and software engineering.

Dr. Sreenivasulu Gogula is currently working is a Professor, Head of the Department of CSE(Artificial Intelligence & Machine Learning) and Dean, Research and Development at ACE Engineering College, Hyderabad, Telangana, India. He completed his Doctoral degree from Jawaharlal Nehru Technological University Hyderabad (JNTUH). His area of Research Includes Deep learning and Natural Language Processing. He is most renowned author in the field of Machine Learning and Deep Learning. He has published more than 18 research articles in various scopus indexed journals and conferences. He has filed more than 10 National patents and granted 3 International Australian Patents to his credit.

Dr. D. Nagaraju is currently working as Professor in the Department of Computer Science and Engineering, Sri Venkatesa Perumal College of Engineering and Technology, Puttur, Andhra Pradesh, India. He completed his M.Tech in JNTU Anantapur University, AP, Ph.D., in VIT University, Vellore. He has published 25 journal papers. His research interest includes Cloud Computing, Data Science, Data Mining, and Computer Networks.

Dr. Siva Shankar S is currently working as an Associate Professor & Dean Foreign Affairs in the Department of Computer Science and Engineering, KG Reddy College of Engineering and Technology, Hyderabad, Telangana, India. He completed his B.Tech in Anna University, M.Tech in MS University, Ph.D in BHARATH University and Post Doc in Industrial University of Ho Chi Minh City, Vietnam. He has published 20+ journal papers and 20+ patents. His research interest includes security, image processing, mobile computing, Data Analytics, Blockchain Technology and networks.
