

Title of the book

Mathematical Modelling

Author:

Dr. Burra Ramanuja Srinivas
Dr. N. Rameshan
Ashwin Perti
Dr. Chhaya Lande

Edition:

First Edition

ISBN No:

978-81-968689-7-0

Price

550

About the Book

In a world increasingly shaped by mathematical models, this book with the title 'Mathematical Modelling' explores the fundamental concepts, tools, and applications of mathematical modeling. From understanding the modeling process and utilizing mathematical tools to examining real-world case studies, this comprehensive guide navigates through discrete and continuous models, statistical techniques, and advanced modeling technologies. Emphasizing ethical considerations, it equips readers to tackle complex problems, fostering a deeper appreciation for the role of mathematics in understanding and shaping our reality.
