

Title of the book

Data Science and Artificial Intelligence Using Python

Author:

Puja Das

Dr. P. Vijayakarhik

Dr. Manjunatha B N

Suhas B. Bhalake

Edition:

First Edition

ISBN No:

978-81-971629-2-3

Price

750

About the Book

In the rapidly evolving landscape of technology, 'Data Science and Artificial intelligence using Python' endeavors to be a guiding beacon for enthusiasts and professionals alike. This book distills complex concepts into accessible knowledge, offering a hands-on journey through the foundations, algorithms, and applications of machine learning. Whether you are a novice seeking a solid introduction or an experienced practitioner aiming to deepen your expertise, this book is crafted to be a reliable companion. Packed with practical examples, code snippets, and real-world applications, it aims to empower readers to harness the potential of machine learning with Python, facilitating a seamless transition from theory to practical implementation.
