About the Book

This Book with the title 'Production Engineering' covers the fundamentals of production engineering. The four chapters 'of this book was written in an easily digestible and reproducible format with required information. An effort has been made to present the book in this form and if it proves helpful to the students, we shall consider my effort has been amply rewarded. - We owe a debt of gratitude to our colleagues, who were chiefly instrumental in favoring us to undertaking this work. Valuable comments and Suggestions for the book will be acknowledged with thanks.
